Front view

Scheme A

Scheme A

A top-down line drawing of a biplane. It features a central fuselage with a single engine mounted on top. Two sets of wings are attached to the fuselage, one above the other. The landing gear consists of two main wheels and a tail wheel. The drawing is a simple line art representation.

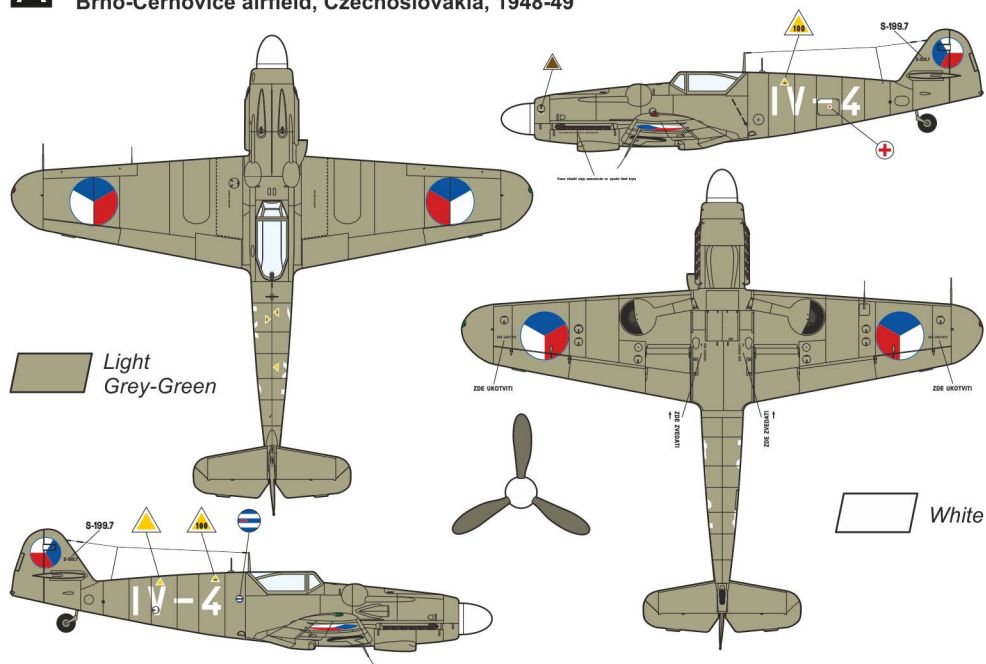

Scheme B & D

A line drawing showing the front view of the aircraft. It features a large propeller at the front, a central engine, and a tail section. The landing gear is visible at the bottom. The wings are spread out horizontally.
