1 Assembly instructions

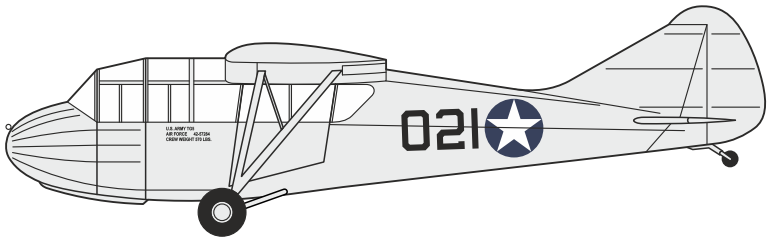

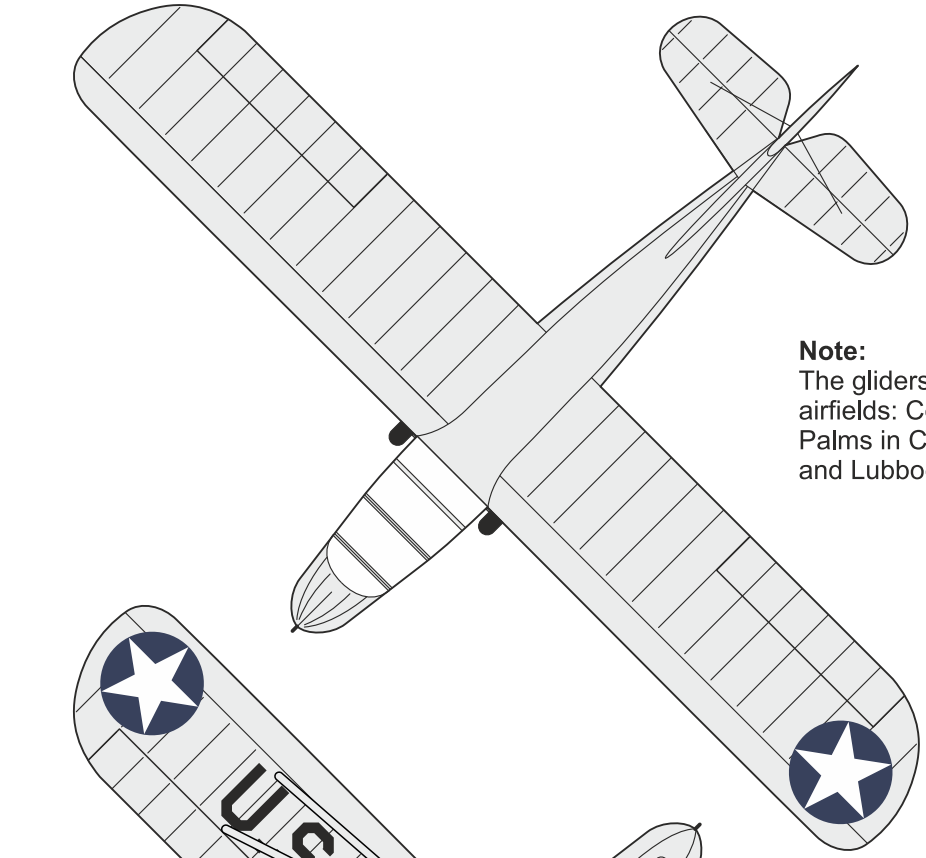

Colour note:
Interior colours: the entire cockpit, incl. the steel tube construction, seat frames, rudder pedals and control columns, was painted in Bronze Green/Dark Dull Green, the seat cushions were made of leather and canvas and fitted with Light Tan harness straps. The instrument panels were either Black or Dark Grey.

Acknowledgements:
Czech Master Resin would like to take this opportunity to thank Messrs Brian Nicklas and Petr Buchar for their help and research, which has enabled us to accurately reproduce this scale model.

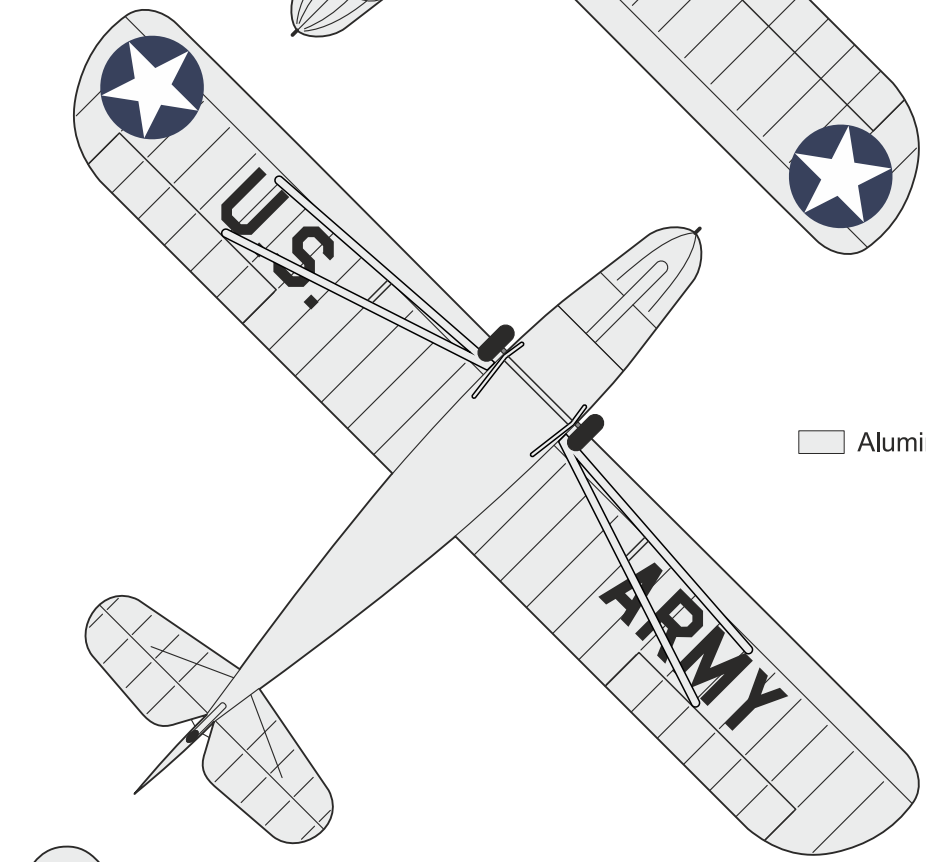

2 Camouflage scheme

A Aeronca TG-5, 021,
